

Metro Drawer Boxes – Your Source for Factory Direct Custom Dovetail Drawers

When your customers demand top shelf cabinet components, dovetail drawer boxes are the obvious choice. The market has changed and clients at all price points have come to expect dovetailed drawers as part of their project. When they ask if you “do dovetails”, say “yes” and Metro Drawer Boxes has you covered. Our precision CNC machined dovetail drawers are available in fully customizable sizes and are shipped direct to you fully assembled, finished and ready to install.

4 Easy Ways to Order

3. Use our Excel order form and email to orders@metrodrawerboxes.com
4. Go online to <https://metrodrawerboxes.allmoxy.com/public/login/> Create an account and place your order.

Options

- ◆ Boxes made of solid birch or economy grade jointed birch
- ◆ Drawer bottoms available in ¼ or ½ plywood and white or black melamine
- ◆ Option for “post finishing” for a super smooth exposed dovetail side
- ◆ Scoop fronts for roll out shelves
- ◆ Undermount clips pre-attached from Blum, Hettich, and Richelieu

Our Value Proposition

1. Fair Prices - Like your business, quality and service come first. No bottom feeding here.
2. Quality - We pay meticulous attention to detail - just as you do. All parts are CNC cut to length and carefully sanded before routing on a CNC dovetailer. Boxes are then assembled and squared in a drawer clamp. After notching (if needed) each box is individually labeled by size and with your company's name and the project name.
3. Service -We work quickly and deliver straight to your shop. We like to have a week to make your boxes but when you are pressed, we work faster.
